

CarPlay & Android Auto wireless adapter

Wireless USB adapter compatible with Apple CarPlay and Android Auto

Instantly convert your **Apple CarPlay** and **Android Auto** connection from **wired to wireless**, eliminating the need for cables between your smartphone and **OEM** and **Aftermarket** multimedia systems. Automatically access your navigation, music, calls, and favorite apps with maximum convenience and freedom. Full compatibility with **steering wheel controls** allows you to manage the main functions with complete safety, making every travel more comfortable and enjoyable.

Technical specifications
